The American Action Network is making this submission in response to your letter dated December 2, 2011. Please note that your letter was sent to the American Action Network's previous address. The American Action Network did not obtain a copy of your letter until April 16, 2012. The American Action Network's new address is 555 13th Street, NW, Suite 510 West, Washington, DC, 20004 and can be found on its most recent Form 5 reports filed with the FEC.

Your letter refers to a Form 9 report received by the FEC on 3/31/2011 that disclosed an electioneering communication by the American Action Network on 10/14/2010. Your letter indicates that the FEC must receive a Form 9 by 11:59 p.m. of the day after an entity makes an electioneering communication. The Form 9 referred to in your letter was inadvertently designated on line 3. as a "New" report, but should have been designated as an "Amended" report. This amended report was filed after the original version and a previously amended version were timely filed on 10/15/2010 (see image# 10931523944 and 10931524098).

Because an additional amendment will not clarify the public record, we trust this explanation suffices.

Sincerely,

Stephanie Fenjiro
